

## Material Plants

When the Material Plants screen is entered, the first plant alphabetically appears. Use the [<] and [>] keys to scroll through the plants. You may also use the up and down arrows on the keyboard to scroll. Use the [Go] button to go directly to a plant.

The six tabs organize information. Figure 1 displays the Prices tab. The materials at this plant are displayed along with the Plant Cost, COD Price and Contract Price. The Plant Code column is used when the plant refers to their product with a number or code.

The **[Zones]** tab is used for companies when prices are designated from the plant to a certain material delivery zone. This was mandatory in Southern California when the dump truck industry was regulated by the Public Utilities Commission.

The **[Map Pages]** tab contains map pages and grids with an associated transportation rate from the plant to that location.

The **[Trucks]** tab is used to identify the trucks with a number that have access to this plant. This number is usually the truck license plate.

Click on the **[New plant]** button to add a new material plant. The **[Reports...]** provides a list of the reports available. Other reports for material utilization and profit reports are located in other screen such as billing.

The screenshot shows a software window titled "Material Plants (Plants)". At the top, there are input fields for "Plant: 603 BEDROCK QUARRY", "Type: A", "In Use: Y", "Quote Exp:", "Vendor:", "Ours:", and "Quote No:". Below these are tabs for "Prices", "Phones", "Address", "Zones", "Map Pages", and "Trucks". The "Prices" tab is active, displaying a table with columns: Material, Plant Cost, COD Price, Contract, Quote, Plant Code, and Seq. The first row is highlighted in yellow.

Material	Plant Cost	COD Price	Contract	Quote	Plant Code	Seq
1 1/2" CRUSHED/DRAIN ROCK	19.75		22.75			21
COLD PATCH/CUTBACK	108.95		125.00			46
ASPHALT 1/2 MEDIUM	72.00		83.00			112
CLASS II BASE	10.50		12.75			32
3/4" CRUSHED ROCK/DRAIN ROCK	19.25		22.25			23
BACK FILL SAND	11.50		12.00			75
ASPHALT	93.40		106.95			51
DUMP FEE AC/CONCRETE OVERSIZE	150.00		175.00			78
DUMP FEES	150.00		175.00			70
DUMP FEE AC/CONCRETE BOBTAIL	40.00		100.00			95
DUMP FEE ASPHALT 3X	55.00		120.00			84
ASPHALT-HMA	88.95		102.00			110
SS-1H EMULSION	47.50		57.00			76
DUMP FEE A/C W/PETRO	250.00		300.00			77

At the bottom of the window, there are buttons: Back, Save, New Plant, Add, Delete, All, Go, <, >, Material Types, Reports..., and More...
